
Message from Your Fund's ACD

Account number:

Dear Shareholder

This is to notify you of changes that we propose to make to the JPM Global Macro Fund (the "Fund") (a fund of the JPMorgan Fund ICVC) being a Fund in which you own shares.

- For these changes to take effect, an extraordinary resolution must be passed at an Extraordinary General Meeting ("EGM") of Shareholders. The ACD believes that the proposed changes are in the best interests of shareholders in the fund. It is important that you exercise your right to vote, either by attending in person, voting online or by using the enclosed Form of Proxy.
- If passed, these changes will occur as described hereafter.

Please take a moment to review the important information below which includes the details about the changes and relevant timings. If you still have questions, please contact your usual J.P. Morgan Asset Management representative or call our UK-based Client Administration Centre on the numbers given below. **You have a number of options, all of which are explained below.**

Andrew Lewis

- **To vote in person**, attend the EGM in person. **Completion of a Form of Proxy will not prevent you from attending the EGM and voting in person.**

The data used to prepare this letter was accurate as of 14th February 2022

STEP 2: Fund changes - option to take action ends 28th April 2022 at 12 noon

Reason for changes. The ACD believes a sustainable investment approach that seeks to provide the majority of its returns by investing in a portfolio of Sustainable Securities may offer better prospects for growth as demand for sustainable products continues to grow. This growth can lead to economies of scale with the potential for lower fund expenses.

If the proposed changes are approved, the proposed Investment Objective and Policy will become effective and binding on each Shareholder in your Fund whether or not they voted in favour of the Extraordinary Resolution or at all. The proposed changes will become effective on the Effective Date.

Should the proposals set out be approved by Shareholders at the EGM, the name and profile of the typical investor will also be changed on the Effective Date. Shareholders are not required to vote on these changes, but they will only be implemented if the proposals at the EGM are approved. Please refer to the Timeline and Impact section below for further details.

If the proposed changes are NOT approved, your Fund will continue to be managed without change and the ACD may consider other available options which may eventually include termination of the Fund.

Deadline for receiving all dealing instructions

29TH APRIL 2022

Changes become effective.

The changes are being made to the relevant prospectus and/or Key Investor Information document (KIID), revised versions of which will be available at www.jpmmorgan.co.uk/investor. As with all Fund investments, it is important to understand and remain familiar with the relevant KIID(s). Other than the period when switch and redemption fees are waived, note that all other switch and redemption conditions and restrictions in the prospectus still apply.

If the changes occur, the Fund's Name, Investment Objective, Investment Policy, Investment approach, ESG approach and Investor profile will be changed on the Effective Date as set out in the comparison below.

Impact

Key differences in investment policy between your fund now and after the changes have occurred	<ul style="list-style-type: none"> The investment process will incorporate ESG exclusions and seek to invest in a portfolio that is positioned towards securities with positive ESG characteristics, and currencies, globally, using derivatives where appropriate.
Potential benefits	<ul style="list-style-type: none"> The change will focus the Fund's Investment Objective and strategy on securities with positive ESG characteristics, which goes beyond ESG integration by incorporating exclusions and positioning the portfolio towards companies with positive ESG characteristics which may align investment decisions with investor values. See below for further information on ESG Integration and Sustainable Investing Approaches. The ACD believes that the proposed changes may give the Fund better prospects for growth which can lead to economies of scale with the potential for lower fund expenses.
Potential drawbacks	<ul style="list-style-type: none"> ESG exclusions will result in a reduced investable universe which in turn may result in higher volatility compared to the current strategy. The changes will result in one-off costs as the Fund transitions to the proposed investment objective and policy. This cost will be borne by the Fund and is estimated to be 0.01%.
Other considerations	<ul style="list-style-type: none"> In connection with these changes, the Fund will be re-named JPMorgan Fund ICVC – JPM Global Macro Sustainable Fund to better reflect the new investment strategy. There is no change in fees associated with these changes. The fund will no longer participate in securities lending. The Synthetic Risk Reward Indicator (SRRI) is not expected to change as a result of the changes.

Securities exhibiting positive ESG characteristics are selected through the use of proprietary research and third party data. The assessment process has 2 steps: 1) the exclusionary framework, 2) the identification of securities exhibiting positive ESG characteristics.

Step 1: The Fund excludes certain sectors, companies / issuers or practices from the investment universe based on specific values or norms based criteria. The exclusion policy for the Fund is available at www.jpmorgan.co.uk/investor.

Furthermore, the Investment Manager will not have long exposure in indices where 30% or more of the underlying securities are on the exclusions list. In addition to this rule, the aggregate long exposure via derivatives to excluded securities will not exceed 5% net equity exposure and this exposure will be monitored to ensure alignment to the exclusion policy. Measuring the exposure involves assessing the price sensitivity of the derivatives to changes in the price of the underlying securities.

Step 2: Through applying a defined set of ESG scoring criteria, the Investment Manager, invests at least 70% of long sovereign debt exposures and 70% of long individual company equity exposures in securities exhibiting positive ESG. In addition to this minimum requirement, positive ESG characteristics are also identified according to the Investment Manager's proprietary assessment of a company / issuer's management of ESG issues relevant to the specific industry, activity or country and exposure to areas such as climate risk, green transport & infrastructure, social advancement and health & wellness.

The Investment Manager carries out a proprietary assessment of ESG criteria to identify any risks and opportunities of potential investments across debt securities and equities. The assessment is based on proprietary internal research and incorporates external insights as well as dedicated ESG analysis and scoring from third-party providers. Such assessment generally includes, without limitation, an analysis of issuer regulatory filings, annual reports, websites, direct and regular communication with issuers, media, third-party research & data providers and government officials, economic surveys and reports. This analysis and the relevant data is inputted into the Investment Managers proprietary assessment and informs investment decisions. The proprietary assessment is ongoing and the Investment Manager continually reviews the holdings against the ESG criteria.

ESG Scoring. The Fund will typically maintain an average asset-weighted ESG score above the MSCI median for the equity and fixed income asset classes in which it invests. The MSCI median for equity and credit is the median ESG score of the MSCI All Countries World Index and for sovereign debt is the median ESG score of the MSCI Country scores for developed and emerging (excluding frontier) markets. The Fund will maintain an average asset-weighted ESG score above the asset weighted combination of these medians.

Investment-led stewardship

The Investment Manager collaborates with internal investment stewardship specialists and research analysts to engage with issuers in which the Fund has invested or may invest in. This collaboration exercises active ownership through regular and ad hoc meetings with issuers, and, where relevant, through voting responsibilities. The approach is adaptable and evolves to remain relevant. The engagement model is based on engagement practices focusing on a defined set of long-term stewardship priorities such as climate risk, governance and human capital management and shorter-term themes to construct a structured and targeted framework.

ADDITIONAL INFORMATION

- We strongly encourage you to attend the EGM and vote in person or you may vote by **completing and returning the enclosed Form of Proxy in the pre-paid envelope provided or vote online using the details provided below**. If you choose to vote by completing the Form of Proxy or vote online your vote must be received by 12 noon on 6th April 2022.
- The resolution will be proposed as an "Extraordinary Resolution" and must be carried by a majority in favour of not less than 75% of the votes validly cast at the EGM (persons who are Shareholders in the fund on 14th February 2022, but excluding persons who are known to the ACD not to be Shareholders at the time of the EGM, are entitled to vote and be counted in the quorum) in respect of those shares. Once passed an Extraordinary Resolution is binding on all Shareholders whether or not they voted in favour of the Extraordinary Resolution.
- In view of the importance of the proposal, the chairman of the EGM will order a poll to be taken in respect of the resolution. On a poll, the voting rights attached to each share are such proportion of the voting rights attached to all of the shares in issue that the price of the share bears to the aggregate price of prices of all shares in issue. A Shareholder entitled to more than one vote on a poll need not, if he votes, use all his votes or cast all the votes he uses the same way.
- The ACD may not be counted in the quorum for the EGM. Neither the ACD nor any associate of the ACD is entitled to vote at the EGM except in respect of shares which the ACD or an associate holds on behalf of, or jointly with, a person who, if the registered Shareholder, would be entitled to vote and from whom the ACD or associate has received voting instructions.
- For shares held jointly, the vote of the senior Shareholder who votes must be accepted to the exclusion of the other joint Shareholders. For this purpose seniority must be determined by the order in which the names stand in the Register of Shareholders.
- If a quorum is not present within 15 minutes of the time appointed for the EGM, the EGM will be adjourned to 12 noon on 14th April 2022.
- The costs associated with bringing this proposal to Shareholders' attention together with the costs of holding the EGM, and any adjourned EGM (if required), will be paid for by the Authorised Corporate Director (ACD).
- The enclosed Form of Proxy and any online vote will remain valid for any adjourned EGM (if required), unless expressly revoked. We will notify Shareholders of any adjournment as soon as practical by post.
- Should the proposed changes be approved and you do not wish to retain your holdings, you may switch or redeem your holding before 12 noon on 28th April 2022.
- Note that all other switch and redemption conditions and restrictions in the prospectus still apply.
- If you have any questions or require further information, please contact the Client Administration Centre. Please note that we do not provide financial or tax advice.
